Further information

About me

I graduated from sound engineering at the Institute of Cinema and TV
Dubbed documentaries and feature films for the TV channel (translated from English)
I am engaged in sound recording and mixing of musical material
I play several muses.tools
We shoot and mount video clips with the group
My wife and I travel a lot around the country and abroad
I have a daily experience of communicating in a foreign language, because I worked at the airport.
English is almost fluent, Italian is basic, but I have a large vocabulary, since I have been studying it on my own for the last 2 years and used it in communication
